Work Experience

Intern at **Digital Ready**, Boston, MA, 02459 <https://www.digitalready.org/>

Jul, 2022 → **Jul, 2022**

- Microbit computing skills
- Research and present information on computer science and coding
- Using Python to add different sounds together to make music
- Building skills to create apps / websites

Intern at **Digital Ready: Future Of Work Studio**, 100 Carlson Avenue, Newton, MA, 02459

Jan, 2022 → **Jan, 2022**: We activate the creative potential of high school students, especially underrepresented young people, to build tangible pathways to economic opportunities in Boston's innovation economy.

SPOKE: YouthSpeakProject, 110 K St. Boston, MA 02127

Oct, 2021 → **Dec, 2021**: YouthSpeak is a digital storytelling program funded by the Boston Housing Authority, in which young people in Boston housing create and share stories about themselves and their communities.

- Developed a web page for the final project about COVID and how keeping apart has been affecting people: <https://keeping-apart.netlify.app/>
- Developed a web page for the final project about Climate Change, bringing to light the issues that have been caused due to the climate warming up

Member at **BasementTrybe: Youth Leadership Program**,

2019 → **2023**: Member of the Basement TryBe Youth Leadership Program, which includes and is not limited to 1:1 daily mentoring, physical activity classes, monthly creative-leadership workshops, retreats, camping trips, photoshoots, podcasts, video shoots, community events, and more.

Web Designer at **BasementTrybe**,

Aug, 2020 → **Nov, 2021**: Basement TryBe is a community of mentors who work towards providing love, opportunity, knowledge, and resources to the youth. Our mission is to create safe and creative spaces where youth can express themselves freely through the arts in efforts to empower them to be the leaders our world needs.

- Helped design the BasementTrybe website. Collaborated with the youth program executive director in efforts to bring the website to life. Designed the layout, animations and transitions.
